DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on February 23, 2010 has been entered.

Response to Amendment

2. The amendments to the claims filed on February 23, 2010 have been fully considered. The 35 USC 103 rejection has been obviated and is thus hereby withdrawn.

EXAMINER'S AMENDMENT

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Nicole Beeler on March 11, 2010.

The application has been amended as follows:

Claim 44. Replace "43" with "40"

Reasons for Allowance

4. The following is an examiner's statement of reasons for allowance. The claimed process is novel and non-obvious over the prior art. The closest reference of US 5,719,147 teaches the preparation of the instant compound 1a with a process wherein the reaction conditions differ by solvent (ie. DMF), reactants (prior art does not use KNaCO₃), steps (prior art does not teach washing with aqueous salt and drying) and starting materials (prior art teaches starting material used as oil).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
